Wine Description

Three stand-out blocks of our crown jewel, Jacob-Hart Estate Vineyard, were chosen for this unique Pinot noir. Comprised of Biodynamically farmed grapes grown on volcanic and marine sedimentary soils and chosen for their complexity in both soil and clonal selection, the resultant wine is impeccably balanced and perfectly structured. Truly a wine for the ages, this cuvée is the perfect addition to any collector's cellar.

Winery Information

REX HILL is one of the original LIVE certified wineries and the only winery in the world to be a certified B Corp at the time of certification. The families of A to Z Wineworks bought REX HILL in 2006, reducing production 77% to focus on the highest quality Willamette Valley fruit. The commitment to excellence extends to farming following organic and Biodynamic principles; year-round responsiveness to site, vintage, and climate; careful hand-selection of clusters; and hand-sorting at harvest. The resulting wines are balanced, complex and age-worthy.
