Alcohol: 13.65%

### Wine Description

*Our special cuvée was crafted from two carefully selected barrels representing two storied, highly regarded vineyards in the Dundee Hills - White Rose and Olson. Planted in 1978 and 1972, both vineyards are located above 800' elevation. Both vineyards were fermented 100% whole cluster. While both exhibit the character of the vintage with riper flavors, power and impressive structure, there is a freshness, elegance and sense of restraint shared by these two sites that was striking. We hope you enjoy this one-of-a-kind blend combining two very special vineyards.*

### Winery Information

*Located in the heart of the Dundee Hills AVA, White Rose Estate was founded in 2000 by Greg Sanders. Our approach is a modern adaptation of traditional whole cluster winemaking focusing on higher elevation vineyards. This has fostered a style of evocative wines that are expressive, complex and classically elegant. The ultimate goal is to produce wines that respect classic variety character; convey a sense of beauty; illuminate emerging details of the wine over time; and potentially take you on a journey that leads to an emotional experience.*
