### Wine Description

*This year's selection from Adelsheim is made entirely from fruit grown in Block Three from our oldest own-rooted Pommard vines at Bryan Creek Vineyard. This block's deep, rich, basaltic soils and high elevation consistently produce wines of exceptional concentration and power, paired with the finesse needed for long-term ageability. This wine offers luscious aromas of dark Bing cherries and toasted spices, underscored by a thread of minerality. On the palate, this Pinot noir is dense and layered with a structural core and long, succulent finish.*

### Winery Information

*Established in 1971, Adelsheim's commitment to the future of winemaking in this unique place continues to increase with every vintage. We produce elegant and restrained wines with balance, structure, and vibrant fruit qualities. By staying true to our place and honoring the natural characteristics of our land, we've helped change the world's view about the production of world-class wines in the Willamette Valley, and assisted our region to become a thriving, sustainable force for economic and social growth in our state.*
