Wine Description

J.K. Carriere's signature move is to build Pinot noirs of "power and grace" that age. We balance substantial wines on the back of some of the highest natural acidities found amongst domestic Pinot noir. "The Choice from St. Dolores" is indeed the highest choice from our estate vineyard in 2015. Our organic, high-elevation, dry-land farmed vineyard has a duality about it, yielding wines that are both structured and juicy. This wine has a power and intensity, a piercing, pure, persistence that will demand some age of itself... and a grown-up skirt on its final drinker.

Winery Information

An Archetype of Real: A family? Check. Intensively farming own vineyard? Check. Underground barrel caves? Check. Making distinctive/timeless wines? Check. I'm Jim Prosser. I started this beautiful mess. 22 years in Pinot noir, across 4 countries, 18 with my own winery. In due course I became we, and we purposefully grow and craft just 4000 cases of acid-centered Pinot noir, some bubbles and a little chardonnay, from our soaring winery on Parrett Mtn. My aim remains contrarian: to turn high-acid, high-IQ, Pinot noir into wines of reference for purity, power and grace.
