Wine Description

Lange Estate's bottling is fashioned from fruit harvested within one block of revered Freedom Hill Vineyard and focuses solely on Dijon clone 115. This banner site, from which the Lange's have sourced since 1990, is situated in the foothills of the Coast Range and comprised of marine sedimentary soils. This single clone wine embodies Freedom Hill traits: dark fruits of bramble and berries, and inviting perfume in the bouquet. Born of 2015, this wine owns the flashiness of the vintage and follows with the requisite balance for the makings of a decade-long cellar treat.

Winery Information

Wendy and Don Lange founded their estate winery in 1987 with 1,000 cases in their first vintage. Since then, production has increased to 19,000 cases - including more than five separate Pinot noirs each year. First and second generation winemakers Don and Jesse Lange have a program of single-vineyard Pinot noirs that reach across a spectrum of microclimate and terroir, focusing on complex flavors, structure, texture, and balance. Lange Estate Winery is rooted in the prestigious Dundee Hills surrounded by panoramic views of the North Willamette and Chehalem Valleys.
